

# Math: Reading an Infographic Answer Key

Info source: [www.census.gov/newsroom/facts-for-features/2021/womens-history-month.html](http://www.census.gov/newsroom/facts-for-features/2021/womens-history-month.html)

Use the infographic to answer the following questions:

1. What are the two occupations where women's participation decreased between 2000-2019? **Waiters/waitresses and counter & rental clerks**
2. What are the two occupations where women's participation increased the least between 2000-2019? **Legislators and Construction Managers**
3. What is the occupation where women's participation increased the most between 2000-2019? **Veterinarians**

**Discussion:** Why do we keep track of these percentages? What can these numbers tell us about our society?
